1. Ex visiting physician for Alternative Medicine-
Gujarat Cancer Research Institute, Ahmedabad.

Academic Qualification:

B.S A.M. Bachelor of Indian Systems of Medicine.
Gujarat Ayurved University- Jamnagar,
Gujarat. India- 1974

Main field of Research:

‘Application of Indian Systems of Medicine for Cancer management.’ He has, treated more than thousand of Cancer patient during the last five year, with great success.

His research thrust area is Hematological malignances, Colon Cancer, Carcinoma of Prostate, Ca breast, Ca Lung and Palliative Cancer management. He modernizes, standardize, validate the Indian systems of Medicine & submit it to scientific community for further research.

He is associated with world renowned Bio scientist Dr Swilling, Dr Salvador Vargas and Dr Ghias Gaithersburg, USA.

He is associated with prestigious emerging biotech lab at USA for focused on discovering and developing new and innovative ways to expand and improve current pharmaco therapies.

He wishes to examine our traditional wisdom and Ayurved therapies under the light of high-throughput screening using state-of-the art siRNA.

This research will lead on introducing novel therapeutic formulas learned from Ayurved. At this time efforts are focused in two main areas:

Oncology diseases and Military medicine.

Traditional Ayurved herbs will screen for apoptosis using human neoplastic and non-plastic cell lines for this novel modalities in cancer.

These efforts will certainly add more value and acceptance to Indian herbal medicine among world scientific community.

He developed integrative, evidence based formulation for incurable diseases.
