

**DR. RANJITSINH D. SOLANKI**  
(B.S.A.M., Herbal Oncologist)

## Solankiz Health Care, The New Age Herbs

### About us :

Dr Solankiz health Care is dream of visionary eminent researcher Dr Ranjitsinh Solanki , whose name is known in field of 'Botanical Drug development' for incurable disease management like Cancer, HIV, degenerative disease, Hormonal disorders and other incurable diseases '.

Dr Solanki is affiliated with world prestigious research institute of western country.

### Our pathway :

Dr Solankiz health Care research team has been involved in conducting intensive research on the 'INDIAN SYSTEMS OF MEDICINE' in the light of modern pharmacological parameter as per the global standards set by the WHO & F.D.A.

**We Modernize, Validate & Restructure age old empirical therapeutic formulation on base of Cellular and Modern Molecules Structure.**

We successfully developed **Evidence based** new therapeutic formulation known as "Botanical Drug Product" which offers **Safety, Quality and Efficacy.**

### We assure :

- **Dr Solankiz Health Care Commitment**
- **Safety, Quality and Efficacy.**
- **Batch to Batch Consistency.**
- **Compare each batch with quality standards to a solid reference point.**
- We are accredited **G.M.P.** pharmaceutical unit. We adopt rigid and specific processing rules with all modern sciences tools.
- **We assure our product always provide Consistent efficacy and health benefit proven in the clinical trails.**

### Our some Quality step :

- The proper plant identification, finger print to standardization of raw materials.
- We have State-of-art laboratory equipment and instrument to ensure the Batch to Batch consistency of the raw materials.
- Following complex and precise manufacturing practices with modern biosciences tools.
- We have a huge plant data created by high through-put research bioinformatics search engine, which is sophisticated technology base on cellular and molecules biological activities that delivered with targeted well-researched form of therapy.
- We using rigorous **Quality Control** tool like **Chromatographic** finger printing, HPLC etc, that offer the consistency, efficacy & Quality with safe product.

# GALACTEE

- Female Tonic
- Galactagogue
- Aphrodisiac Tonic

Dr. Solanki

# Cap. GALACTEE Galactagogue Tonic

## Botanical name-Ingredients Contain / extract

Asparagus Racemosus Willd  
Withania somnifera.  
Cominum cyminum L  
Leptadenia reticulata Retz  
Embelia ribes Burm F.  
Centella asiatica.  
Excipient.

## Classical use

Female tonic, Galactagogue, aphrodisiac tonic. Aphrodisiac, Mental health, Age sustainer, promot quality and ql. Promot health and longevity, Spermatogenesis, Galactagogue. Anthelmintic, dyspepsia, Gastralgia. Intellectual Vigour, Logevity, Mental health.

## Active Ingredients & Pharmacology

Quercetin, hyperoside, Sitosterol saponins ogenic, Libido stimulant. Flavonoids, Apigenin, Lactagogue Properties. Stigmasterol, G-sitosterol, Flavonoids. Quinones embelin. Trierpenoids, saponins, madecassoside, asiaticoside.

## New Research

Scientific research suggest that **BREAST FEEDING** might reduce risk of

- **BREAST CANCER**
- **OVARIAN CANCER**
- **OSTEOPOROSIS**

- Therapeutic use & Indications** :
  - Hypogalactia ■ Mammary disorders ■ Galactorrhea
  - Reduce stress and enhance lactation
- Toxicity / Safety** :
  - No adverse effects have been reported in the literature.
  - Its use in human since long time with safety.
- Dose** : 2 capsules daily or as prescribe by health provider.
- Presentation** : 60 capsules (jar)
