

DR. RANJITSINH D. SOLANKI
(B.S.A.M., Herbal Oncologist)

Solankiz Health Care, The New Age Herbs

About us :

Dr Solankiz health Care is dream of visionary eminent researcher Dr Ranjitsinh Solanki , whose name is known in field of 'Botanical Drug development' for incurable disease management like Cancer, HIV, degenerative disease, Hormonal disorders and other incurable diseases '.

Dr Solanki is affiliated with world prestigious research institute of western country.

Our pathway :

Dr Solankiz health Care research team has been involved in conducting intensive research on the 'INDIAN SYSTEMS OF MEDICINE' in the light of modern pharmacological parameter as per the global standards set by the WHO & F.D.A.

We Modernize, Validate & Restructure age old empirical therapeutic formulation on base of Cellular and Modern Molecules Structure.

We successfully developed **Evidence based** new therapeutic formulation known as "Botanical Drug Product" which offers **Safety, Quality and Efficacy.**

We assure :

- **Dr Solankiz Health Care Commitment**
- **Safety, Quality and Efficacy.**
- **Batch to Batch Consistency.**
- **Compare each batch with quality standards to a solid reference point.**
- We are accredited **G.M.P.** pharmaceutical unit. We adopt rigid and specific processing rules with all modern sciences tools.
- **We assure our product always provide Consistent efficacy and health benefit proven in the clinical trails.**

Our some Quality step :

- The proper plant identification, finger print to standardization of raw materials.
- We have State-of-art laboratory equipment and instrument to ensure the Batch to Batch consistency of the raw materials.
- Following complex and precise manufacturing practices with modern biosciences tools.
- We have a huge plant data created by high through-put research bioinformatics search engine, which is sophisticated technology base on cellular and molecules biological activities that delivered with targeted well-researched form of therapy.
- We using rigorous **Quality Control** tool like **Chromatographic** finger printing, HPLC etc, that offer the consistency, efficacy & Quality with safe product.

Innovative Natural Product

Plant Based Natural Hormon Agent for Women !

MANO FLORA

- Menopausal Syndrome
- Female Tonic
- Women Hormonal Support

Dr. Solanki

Cap. MANO FLORA

Botanical name-Ingredients Contain / extract

Shilajit
Leptadenia reticulata Retz
Nardostachys Jatamansi Dc
Ficus benghalensis Linn
Soya
Cynodon dactylon Linn
Shatavari
Asparagus racemosus Willd
Asparagus racemosus Willd

Classical use

Promot health and longevity, Galactagogue Insanity, promoting growth of hair, Urinogenital disorders, Promoting conception.

Active Ingredients & Pharmacology

Quercetin, hyperoside, Sitosterol saponins. Quercetin, hyperoside, Sitosterol saponins. Stigmasterol, Flavonoids, Isoflavon support to balancing hormonal activity and manage associate symptoms. Clinical Trails shows Plant Based Flavones reduces Hot flashes, stress, vaginal dryness and promote sexual desire in women.

Research Findings

- 'Plant derive Hormone is well assimilate with Human body Rather than synthetic one'
- Help to balance Hormonal Activity

MANO FLORA

References

- Sabnis PB, Exptl Biol, 1968

- Lahari P.K., Expl Bio, 1964

Therapeutic use & Indications

- **Menopausal symptom, Mental health, Women Well being**

Toxicity / Safety

- No adverse effects have been reported in the literature.
- Its use in human since long time with safety.

Dose

- 2 capsules daily or as prescribe by health provider.

Presentation

- 60 capsules (jar)
