

**DR. RANJITSINH D. SOLANKI**  
(B.S.A.M., Herbal Oncologist)

## Solankiz Health Care, The New Age Herbs

### About us :

Dr Solankiz health Care is dream of visionary eminent researcher Dr Ranjitsinh Solanki , whose name is known in field of 'Botanical Drug development' for incurable disease management like Cancer, HIV, degenerative disease, Hormonal disorders and other incurable diseases '.

Dr Solanki is affiliated with world prestigious research institute of western country.

### Our pathway :

Dr Solankiz health Care research team has been involved in conducting intensive research on the 'INDIAN SYSTEMS OF MEDICINE' in the light of modern pharmacological parameter as per the global standards set by the WHO & F.D.A.

**We Modernize, Validate & Restructure age old empirical therapeutic formulation on base of Cellular and Modern Molecules Structure.**

We successfully developed **Evidence based** new therapeutic formulation known as "Botanical Drug Product" which offers **Safety, Quality and Efficacy.**

### We assure :

- **Dr Solankiz Health Care Commitment**
- **Safety, Quality and Efficacy.**
- **Batch to Batch Consistency.**
- **Compare each batch with quality standards to a solid reference point.**
- We are accredited **G.M.P.** pharmaceutical unit. We adopt rigid and specific processing rules with all modern sciences tools.
- **We assure our product always provide Consistent efficacy and health benefit proven in the clinical trails.**

### Our some Quality step :

- The proper plant identification, finger print to standardization of raw materials.
- We have State-of-art laboratory equipment and instrument to ensure the Batch to Batch consistency of the raw materials.
- Following complex and precise manufacturing practices with modern biosciences tools.
- We have a huge plant data created by high through-put research bioinformatics search engine, which is sophisticated technology base on cellular and molecules biological activities that delivered with targeted well-researched form of therapy.
- We using rigorous **Quality Control** tool like **Chromatographic** finger printing, HPLC etc, that offer the consistency, efficacy & Quality with safe product.

# PROSTA

- Enlargement of Prostate
- Benign Hyper Plasia

Dr. Solanki

# Cap. PROSTA

## Botanical name -Ingredients Contain / extract

Tribulus terrestris Linn  
Zinc Calciate / Mineral  
Crateva nurvala Buch  
Mimosa pudica Linn

## Classical use

Prescribe in Dysuria, Calculus, Micturition, Haematuria, phosphaturia, Genitourinary disease, sexual debility and Shrink prostate.

## Active Ingredients & Pharmacology

Contain - Flavonoids, glucoside, ferulic acid, Carboline alkaloids, saponins, litholytic action. In male increased libido, sexstimulant. Shrink prostate. 🍏 **Triterpenoids, lupeol, Cadabacine alkaloids, useful for Urolithiasis, smooth muscle relaxant. Increase Blaffer tone, cystitis, Benign Hyper Plasia, prostate enlargement.**

## Research Findings

'Natural source of 'Zinc' Herbs  
Cucurbitapepo seeds shows  
promising Efficacy to inhibit over  
production of prostate cells'

# Cap. PROSTA
