

DR. RANJITSINH D. SOLANKI
(B.S.A.M., Herbal Oncologist)

Solankiz Health Care, The New Age Herbs

About us :

Dr Solankiz health Care is dream of visionary eminent researcher Dr Ranjitsinh Solanki , whose name is known in field of 'Botanical Drug development' for incurable disease management like Cancer, HIV, degenerative disease, Hormonal disorders and other incurable diseases '.

Dr Solanki is affiliated with world prestigious research institute of western country.

Our pathway :

Dr Solankiz health Care research team has been involved in conducting intensive research on the 'INDIAN SYSTEMS OF MEDICINE' in the light of modern pharmacological parameter as per the global standards set by the WHO & F.D.A.

We Modernize, Validate & Restructure age old empirical therapeutic formulation on base of Cellular and Modern Molecules Structure.

We successfully developed **Evidence based** new therapeutic formulation known as "Botanical Drug Product" which offers **Safety, Quality and Efficacy.**

We assure :

- **Dr Solankiz Health Care Commitment**
- **Safety, Quality and Efficacy.**
- **Batch to Batch Consistency.**
- **Compare each batch with quality standards to a solid reference point.**
- We are accredited **G.M.P.** pharmaceutical unit. We adopt rigid and specific processing rules with all modern sciences tools.
- **We assure our product always provide Consistent efficacy and health benefit proven in the clinical trails.**

Our some Quality step :

- The proper plant identification, finger print to standardization of raw materials.
- We have State-of-art laboratory equipment and instrument to ensure the Batch to Batch consistency of the raw materials.
- Following complex and precise manufacturing practices with modern biosciences tools.
- We have a huge plant data created by high through-put research bioinformatics search engine, which is sophisticated technology base on cellular and molecules biological activities that delivered with targeted well-researched form of therapy.
- We using rigorous **Quality Control** tool like **Chromatographic** finger printing, HPLC etc, that offer the consistency, efficacy & Quality with safe product.

Innovative Natural Product

Sperm and Sex Vitalisor !

SPERMOVIT

- Spermatogeneses
- Oligospermia
- Enhance Sex Desire

Dr. Solanki

Cap. SPERMOVIT

Ingredients-Botanical name Contain / extract

Blepharis edulis Pers
Chlorophytum
Hygrophila spinosa
Mucuna prurita
Myristica fragrans
Orchis latifolia
Bombax malabaricum DC
Sida cordifolia Linn
Piper betle
Withania somnifera.

Classical use

Used in aphrodisiac, Sex stimulant, Increase sperm count, spermatogenic, Traditional usage. Semen depurant, vitality, Spermaturia, spermatorrhoea, Nervine tonic, rejuvenating, promote fertility, Libido stimulant.

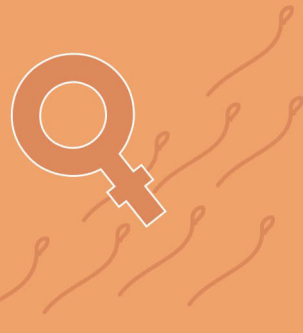

Active Ingredients & Pharmacology

Seed contain glucoside, Blepharin, Saponin, Exhibited anti-inflammatory, Arthritis, Metabolic disorders, Urinary discharges, spleen, Liver disorders. 🍏 L-Dopa and aminoacids, glutathione, Mucunine, Prurienine, Mucunadine, Credits as anti-depressant, sleep disturbance, tranquillizing. **Nervine tonic used for Insomnia, significant reduction in the degree of clinical anxiety and depression. shows CNS-depressant, potent nervine tonic in case of depressed Libido. Increase of spermatozoa.**

🍏 Neolignans, triterpenic saponin, Myristic acid, geraniol, Exhibited anti inflammatory properties, urinary and bladder inflammation, Sex tonic as stimulant. contain Glucans, glucomannans, Nutritious and demulcent agent. 🍏 Lupeol, hemigossyplone, Beta-sitosterol, use for uterine tonic, oxytocic activity. 🍏 Alkaloid ephedrine, sidephedrine, quinazoline, vasicinone, choline, betaineexhibited significant bronchodilatory activity, cardiac stimulant, antispasmodic, Immunomodulator, shows anti bacterial, antifungal, anti viral activity. 🍏 Bete-gamma sitosterol, Hentriaconate.

Research Findings

- 'Vajikaran' group of herbs shows significant aphrodisiac and Spermatogenic, Sexstimulant efficacy.

SPERMOVIT

- References** :
 - Glossary of Indian Medicinal plant, CSIR, 1956
 - Antiseptic. IIM, 962
 - Wealth of India, 1969
- Therapeutic use & Indications** :
 - Sex Stimulant, Oligospermia. Impotency.
- Toxicity / Safety** :
 - No adverse effects have been reported in the literature.
 - Its use in human since long time with safety.
- Dose** : 2 capsules daily or as prescribe by health provider.
- Presentation** : 60 capsules (jar)
