

DR. RANJITSINH D. SOLANKI
(B.S.A.M., Herbal Oncologist)

Solankiz Health Care, The New Age Herbs

About us :

Dr Solankiz health Care is dream of visionary eminent researcher Dr Ranjitsinh Solanki , whose name is known in field of 'Botanical Drug development' for incurable disease management like Cancer, HIV, degenerative disease, Hormonal disorders and other incurable diseases '.

Dr Solanki is affiliated with world prestigious research institute of western country.

Our pathway :

Dr Solankiz health Care research team has been involved in conducting intensive research on the 'INDIAN SYSTEMS OF MEDICINE' in the light of modern pharmacological parameter as per the global standards set by the WHO & F.D.A.

We Modernize, Validate & Restructure age old empirical therapeutic formulation on base of Cellular and Modern Molecules Structure.

We successfully developed **Evidence based** new therapeutic formulation known as "Botanical Drug Product" which offers **Safety, Quality and Efficacy.**

We assure :

- **Dr Solankiz Health Care Commitment**
- **Safety, Quality and Efficacy.**
- **Batch to Batch Consistency.**
- **Compare each batch with quality standards to a solid reference point.**
- We are accredited **G.M.P.** pharmaceutical unit. We adopt rigid and specific processing rules with all modern sciences tools.
- **We assure our product always provide Consistent efficacy and health benefit proven in the clinical trails.**

Our some Quality step :

- The proper plant identification, finger print to standardization of raw materials.
- We have State-of-art laboratory equipment and instrument to ensure the Batch to Batch consistency of the raw materials.
- Following complex and precise manufacturing practices with modern biosciences tools.
- We have a huge plant data created by high through-put research bioinformatics search engine, which is sophisticated technology base on cellular and molecules biological activities that delivered with targeted well-researched form of therapy.
- We using rigorous **Quality Control** tool like **Chromatographic** finger printing, HPLC etc, that offer the consistency, efficacy & Quality with safe product.

STRESOL

- Mental Health
- Anti Hypertensive
- Anti Depression

Dr. Solanki

Cap. STRESOL

Botanical name-Ingredients Contain / extract

Acorus calamus Linn
Glycyrrhiza glabra Linn
Mucuna prurita Hook
Ocimum sanctum / Holly basil
Withania somnifera Linn
Nardostachys Jatamansi DC
Bacopa monnieri Linn

Classical use

Promoting intellect, Mental Health, Improve Memory, breast milk, Oil contain asarone, Beta isomer, sedative, prescribe for Insanity, loss of memory, senile decay, convulsions, delirium, promoting intellect in children, brain tonic.

Active Ingredients & Pharmacology

Contain - Saponins, Glycyrrhizin, flavonoids, sterols, cumarin. Useful for Hormonal stimulants, chemopreventive, anti oxidant, improved liver function, healing of gastric ulcer, CNS suppressant. Seeds contain L-Dopa and aminoacids, Mucunine, Credits as anti-depressant, sleep disturbance, tranquillizing, tonic, Nervine tonic, use for Insomnia, **significant reduction in the degree of clinical anxiety and depression. potent nerve tonic in case of depressed Libido.** Major components essential oil are Eugenol, ursolic acid, apigenin, luteolin. **antistress. anti oxidant, Anti hypertensive, properties.** Rhizomes rich in sesquiterpenoids, Jatamansic acid, Jatamansone, Alkaloid actinidin prescribe for sedative, antidepressants, anti hysteric, hypotensive, antispasmodic, and cardiotoxic properties. Liberate serotonin, Jatamansone **shows improvement in restlessness, aggressiveness, Neuro circulatory asthenia, functional cardio-neurosis, cardiac arrhythmias, menopausal syndromes.**

It is of great service in all nervous complaints, Insomnia, Vertigoes, Headaches and Hypochondriacal affections.
"Walter's British Herbal "

Research Findings

- Herbs can help the Adrenals to combat stress.
- Non sedative and non habitual tranquility.

STRESOL

- References** : ■ Oscar E.Boericke, Materia Medica with repertory
■ David Hoffman elder's herbal 1993
■ Keller K Planta Med 1985 ■ Agarwal S.L. 1956
- Therapeutic use & Indications** : **Mental Health, High Blood Pressure, Anti Stress, Traumatic Brain Injury**
- Toxicity / Safety** : ■ No adverse effects have been reported in the literature.
■ Its use in human since long time with safety.
- Dose** : 2 capsules daily or as prescribe by health provider.
- Presentation** : 60 capsules (jar)
